They can be extremely effective at getting bit when you flip the lure into the water and let it fall. Both worms work great for targeting bass on structure such as ledges, reeds and brush piles in deeper water. It is exceptional for flipping, Carolina rigging and Texas rigging on either a 5/0, 6/0 or 7/0 hook.

4" Flip'n Out

A great flip'n bait with a soft, sturdy, compact, ribbed body and paddle appendages for maximum water displacement to help bass find an easy meal in thick cover. Its two longer claw-like paddles and Mister Twister® Curly Tail® legs generate a lifelike, fleeing motion that's irresistible. The body's recessed centerline creates perfect hook placement.

What's one feature setting this bait apart? The body's smooth, scaled finish on one side, and deep, textured ribs on the other. By rigging the 4" Flip'n OUT with the hook on the smooth side the lure will fall a little faster than if rigged on the ribbed side. Testing revealed a 17% difference in fall rate between the two rigging options!

The Mister Twister 4" Sassy Swimmer is a ring style swim bait designed to entice even the most finicky of fish. The soft plastic formulation we use enhances the tail's swimming action without causing drag when used on a bladed jig, which allows no additional pressure on the blade's action. The Sassy Swimmer has proved that the Shakey Head, Tokyo Rig and drop shot techniques are all very productive, but this super versatile bait can also be used on a Jighead, weighted belly hook or under a spin Jighead.

2 1/2" & 3" Sassy Shad®

The Original
MISTER TWISTER® SASSY SHAD®
Since 1979

Shad is the one bait fish that most fresh and salt water game fish seek as a food source, and the original Mister Twister® Sassy Shad® is the closest imitation of this classic bait fish. It will out produce any other shad-type lures. Its classic tail design and supple body give the Sassy Shad® the natural shad action big game fish can't resist.

4" Tri-Com Sassy® Swimmer

The Mister Twister 4" Tri-Com Sassy Swimmer is a ring style swim bait designed to entice even the most finicky of fish. The soft plastic formulation we use enhances the tail's swimming action without causing drag when used on a bladed jig, which allows no additional pressure on the blade's action. The Sassy Swimmer has proved during testing that the Shakey Head, Tokyo Rig and drop shot techniques are all very productive, but this super versatile bait can also be used on a Jighead, weighted belly hook or under a spin Jighead. The Sassy Swimmer also makes for a great trailer application on spinner baits, swim jigs or chatter bait style lures.
